## EXTRA PALE ALE MALT

Our Extra Pale Ale Malt is a new brewer's malt developed exclusively for Loughran Brewers Select. Crafted by Bairds Maltsters to meet the exact needs of modern craft beer brewers, Extra Pale Ale Malt has an exceptionally low colour rating that sits below lager, making it the perfect malt for a range of beer styles including XPAs, Pales, IPAs and Blondes, and particularly ideally suited to producing hoppy and dank hazy beers.

Extra Pale Ale Malt is produced in Witham, Essex.
