

BEST Caramel® Munich I

BEST Caramel® Munich I is the lightest caramel malt in the BEST Caramel® Munich line. The malt aroma changes with increasing color depth of the products noticeably from caramel-sweetish towards nutty and reminiscent of almonds as well as slightly toasted bread crust. With the BEST Caramel® Munich line, rich and dark colors can be produced in the beer even with low proportions in the grain bill. Due to the special caramelization process, a very uniform caramel formation in the grain is achieved. This facilitates the brewing process and contributes to a pleasant aroma profile of the resulting beers.
